We help to:

citizens who left the occupied territories, people who live in the front-line territories, military, medical institutions, orphanages, nursery homes. We also help with the delivery of so-called "address" shipments

Another aspect of our activity is assistance in the shipments of cars for the military. We help with purchasing, customs clearance, preparing documents. We help with repairs and tires for these cars, since we have discounts at tire manufacturers.

We bought several cars for donations and sent them to the front line: Ambulance Renault Master, bus with refrigerator Mercedes Sprinter for the transportation of fallen soldiers.
